**All sizes are a rough guide only and are true to UK standard sizes.*

Measurements are to be taken for the garment itself, NOT the body of the user. Garments have a +/- 2" tolerance.

For youth sizes, these are only recommended ages. All children are different shapes and size due to different growth rates.

*Please take into consideration the brand and fit of any sport specific armour and how these Jerseys will fit over the top of the armour.
Goalie fit jerseys are a different construction to accommodate for the larger armour. Goalie Jerseys are available in Small – 2XL.*
